ABOUT US

We are a Spanish company directly linked to national and international sports. In our company we are very aware of the values of sport, so we have united these values in a project aimed at children and youth population.

AFRIC SPORTS manages facilities and sports clubs, creates events and develops educational content such as storytelling Apps and 3D cartoons under its corporate brand **BEFANT SPORTS**.

From **INCLUSIVE SPORTS** we work on inclusive sports projects, management of sports clubs and commercialization of wheelchairs for adapted sports.

ABOUT US

WHAT CAN WE OFFER YOU?

INCLUSIVE SPORT MANAGEMENT

The comprehensive administration of a club or an inclusive sport requires a thorough understanding of not just sports demands, but also administrative, communicative, material, and personnel requirements specific to each of the athletes that comprise the teams and disciplines that are practiced.

CREATE INCLUSIVE CULTURE

INCLUSIVE SPORT MANAGEMENT

Four sports management capacity has led us to take a step towards the management of inclusive sports projects and programs.

A 360° service that includes administrative management, obtaining aid, and coordination of all the needs that players, coaches, and club staff may need.

Without a doubt, the creation of inclusive sports events, leagues, exhibitions, and visits to schools and medical centers are some of the actions that are carried out in our comprehensive management of each project.

CREATE INCLUSIVE CULTURE

INCLUSIVE SPORT MANAGEMENT

Visit with motivational talk and A-ball exhibition by our players at the Santo Tomás de Aquino school in Montecañada (Paterna).

Some of the girls who participated in the talk and training enjoyed themselves and wanted to have their photo taken with the gaming chairs.

CREATE INCLUSIVE CULTURE

INCLUSIVE SPORT MANAGEMENT

In the primary classrooms, we read the story of A-ball and played with the educational app that has been developed to introduce children to this wonderful sport.

A moment of the practical part of our presence at the Maristas school in Valencia.

What a photo with all the boys and girls of the Maristas school in Valencia!!!

CREATE INCLUSIVE CULTURE

A-BALL WHEELCHAIR

From Spain and for the world, this new inclusive sport has been invented that allows playing soccer in a wheelchair.

By means of a mechanism called EOOS, the sports wheelchairs are transformed into chairs for playing A-ball or chair soccer.

A sport that will change the lives of those soccer lovers who are unable to play conventional soccer due to injury or illness.

CREATE INCLUSIVE CULTURE

A-BALL WHEELCHAIR

The agreements reached between AFAE (Association for the Promotion of A-Ball in Spain) and **AFRIC SPORTS** for the development of this sport in the USA, grants us the authority to present and market this sport called A-BALL and the chairs and mechanisms that make it possible to play it.

INCLUSIVE SPORTS is the trademark of **AFRIC SPORTS** to develop this project and make it a reality. The creation of clubs in the USA for the first A-BALL LEAGUE, and the management of materials and necessary means, are the objectives that **INCLUSIVE SPORTS** has in its business model.

CREATE INCLUSIVE CULTURE WHEELCHAIR FOR ALL

The recycle plastic wheelchairs allow children, families, friends, clubs, schools and associations to start learning about inclusive sports. These wheelchairs are **economical and accesible** to everyone.

Children can enjoy, have fun and get to know thw sport in a different way.

A way to bring inclusive sport to the little ones. Fun and learning about **equality and inclusion** at school age through sport for all.

WHEEL STORAGE AND PROTECTION
Ideal for transfer (plane, train, bus...)

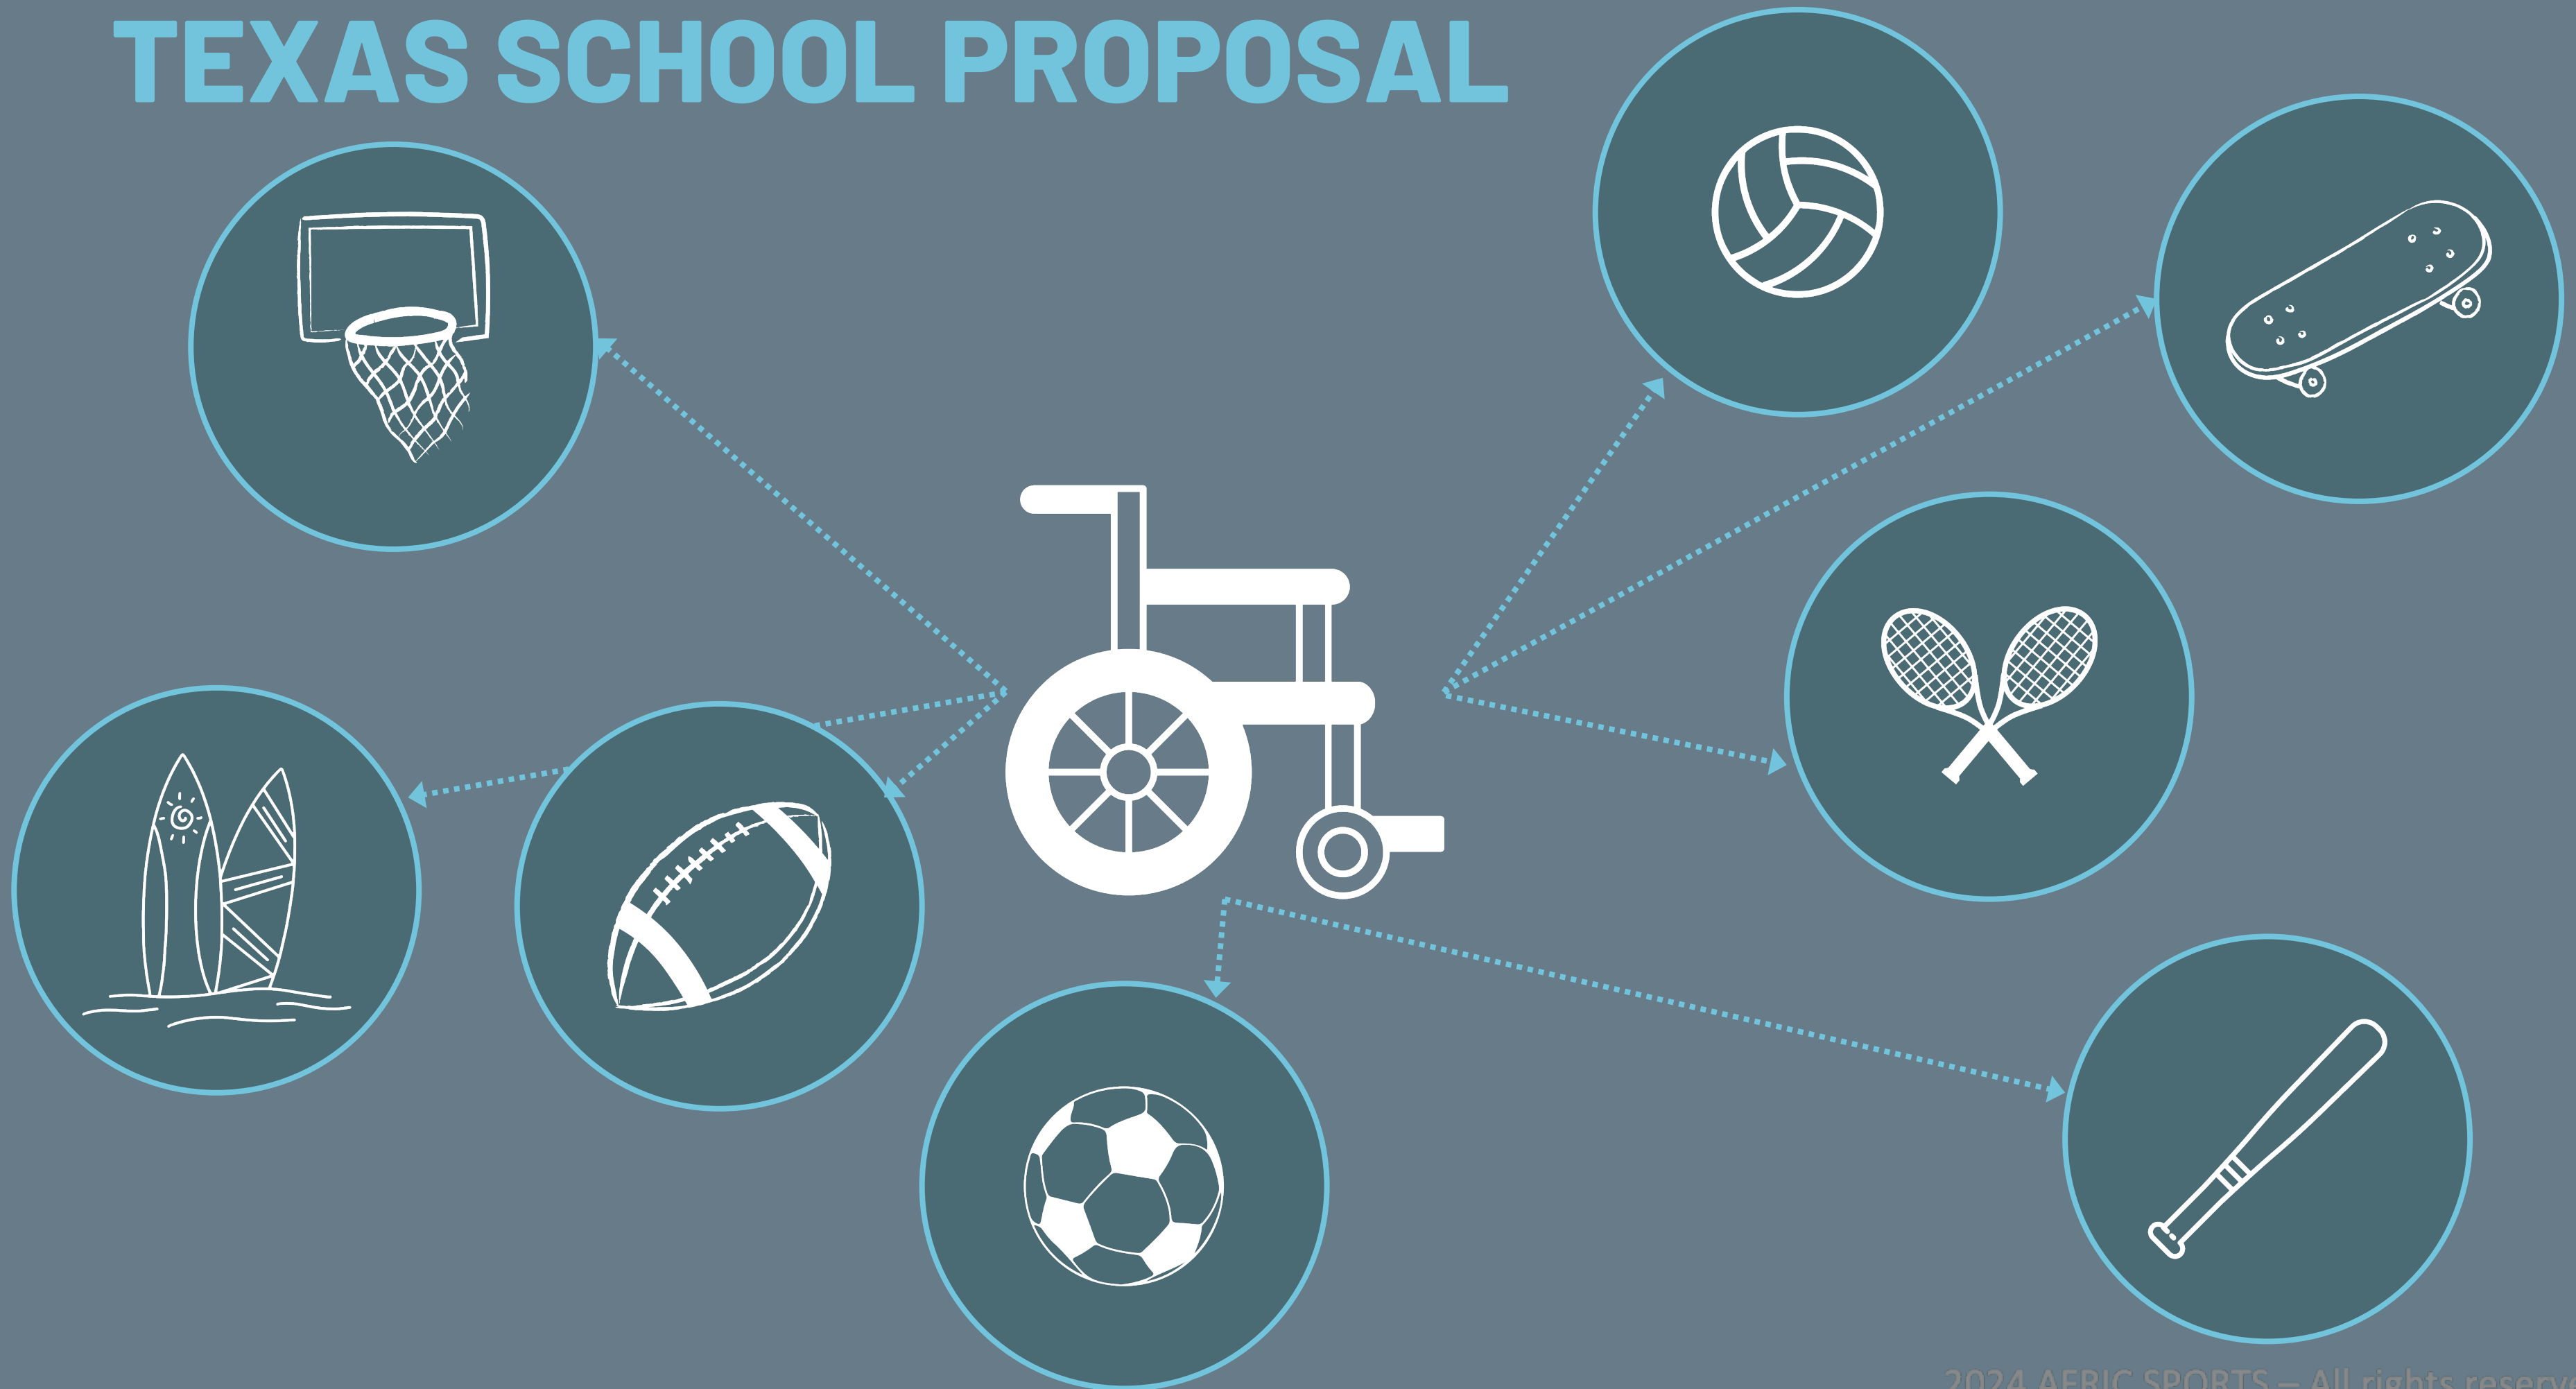

STACKING: Possible with or without the wheels
Convenient for storage

SPECIFIC to the practice of Wheelchair Sevens Rugby
W7IB Certificate of Conformity No. 220401

TEXAS SCHOOL PROPOSAL

TEXAS SCHOOL PROPOSAL

CURRENT SITUATION

Knowing the involvement and solidarity of the American society, we believe that the model of creating inclusive sports schools in American schools can be interesting and at the same time educational for the students of any of the schools, even if their students do not have mobility problems.

We want to present you the option of having recycled plastic chairs that can be used by the children's community due to their characteristics. With them you can play different inclusive sports such as Basketball, Baseball, Rugby, Tennis, soccer...

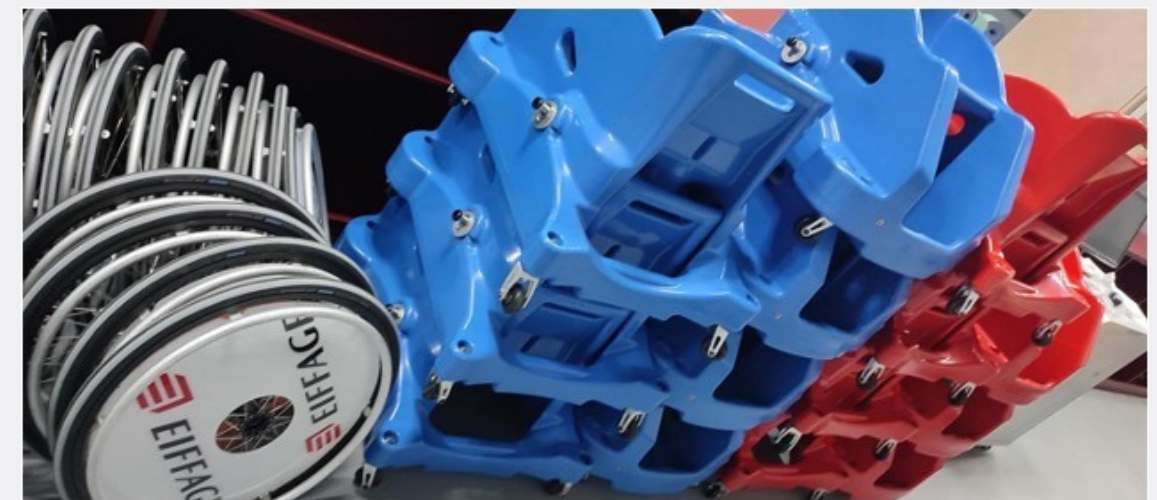

TEXAS SCHOOL PROPOSAL

CURRENT SITUATION

As you will have seen from the information provided, these chairs are made of recycled material, with a variety of colors and are easy to transport and store.

Our company is prepared to supply this material and to attend to their support needs in the first months for the management of the sports that the people to whom these chairs are addressed want to practice.

TEXAS SCHOOL PROPOSAL

IMPACT AND RETURN

EQUAL RIGHTS

To conclude, to be effective in inclusive sports, it requires the commitment of the facilitators of the activity and appropriate materials.

Children and adolescents who are educated and enjoy inclusive sports with their peers are much more likely to be integrated, active, and included in their communities.

Sport for All is, by its conception, inclusive, and being different is normal.
